

Excess Soil Engagement Group (ESEG) – November 22nd 2022

Feedback on poll questions

Poll 1: Do you agree with exempting projects on agricultural, parkland, residential and institutional properties from the mandatory reuse planning requirements?

Poll 2: Based on your experience, how much of a reduction in registrations do you anticipate this will have?

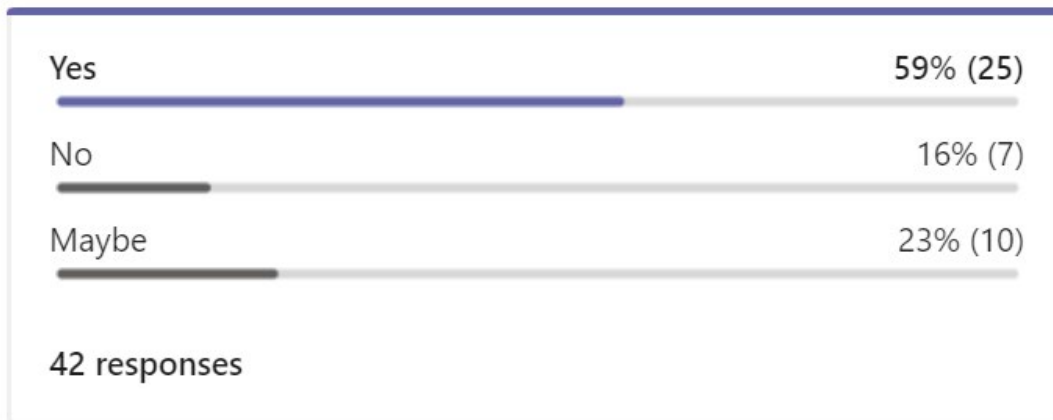

*one participant mentioned there should be a “none” response to show no impact

*one participant mentioned there should be an “unsure” response to reflect that people may not have a sufficient overall view of the industry to respond to this question

For discussion purposes only

Poll 3: Do you agree that the stock pile size should be increased to 10,000 cubic metres?

For discussion purposes only
