Dear Andrew,

Thank you for your letter of congratulations on my appointment as Associate Minister of Housing.

As Ontarians face the rising cost of living, our government is taking bold action with a plan to build 1.5 million new homes by 2031.

To accomplish this task, our government will continue to reduce barriers to home construction, making it easier and less expensive to get More Homes Built Faster. With a bias for action, we will also work with the modular home manufacturing industry to complement the speed of new builds in our province.

I want to reiterate my hopes for constructive relationships with all stakeholders in the housing sector that will deliver more homes for the people of Ontario.

Thank you again for your best wishes.

Sincerely,
