**Re: ACEC-Ontario Response to TCP number 000-0125 (Corporate Performance Rating  
Pause in Bid Evaluation of Engineering Services)**

Dear Mr. Matthews:

Thank you for your letter and accompanying 2019 CEO proposal on RFP weights in response to the ministry's posting on the Technical Consultation Portal (TCP) regarding "Corporate Performance Rating Pause in Bid Evaluation of Engineering Services".

The Ministry of Transportation (MTO) values the time you have taken to review and provide comments. All concerns and ideas raised both in the letter and briefing note, as well as at the meeting held on January 24, 2023 will be considered. We will continue to consult with ACEC-Ontario as this initiative progresses. MTO's formal response to the comments received from ACEC-Ontario and other stakeholders will be posted on the TCP.

Thank you for your participation and contributions in this review and we look forward to ongoing collaboration with ACEC.

Sincerely,

A handwritten signature in blue ink, appearing to read "Michelle McGrath".

Michelle McGrath, P.Eng.  
Manager, Contract Management Office
