

ASSOCIATION OF CONSULTING
ENGINEERING COMPANIES
ONTARIO

Association of Consulting Engineering Companies – Ontario (ACEC-Ontario) exists to promote and advance the business interests of our member companies and the value of the engineering work they do.

Founded in 1975, the Association of Consulting Engineering Companies – Ontario (ACEC-Ontario) is a not-for-profit industry advocacy association representing nearly 140 consulting engineering firms that collectively employ more than 25,000 individuals across the province. The consulting engineering industry contributes to nearly \$10 billion to the Ontario economy.

ASSOCIATION OF CONSULTING
ENGINEERING COMPANIES
ONTARIO

ACEC-Ontario advocates for a business and regulatory climate that enables our members to provide the highest level of services and best possible value to their clients. ACEC-Ontario promotes the important contribution that consulting engineering makes to the social, economic and environmental quality of life in Ontario and around the globe.

HERE ARE THE BENEFITS ACEC-ONTARIO MEMBERS ENJOY:

- To join the community, creating a more unified voice that has had proven impact on public policy in municipal and provincial governments.
- Subscription to the latest industry and regulatory affairs updates.
- Access to relevant industry events, resources and publications, through a member-only website portal.
- Access to the unique Rapid Response Program, business risk negotiation with clients in the broader public sector.
- Volunteer opportunities in elected leadership roles, committees and ACEC-Ontario publications to further develop and allow your staff to engage with the industry.
- Discounted registration fees to professional development courses and seminars.
- Full listing in our well-used online Membership Directory, for business development.
- Discounted home and auto insurance coverage through AERORidge Insurance Brokers.
- Benefit Partners Collective Purchasing Program for group health insurance.
- Automatic membership in the Association of Consulting Engineering Companies-Canada.
- Networking opportunities through our social and professional development events.
- Ability to partake in our Ontario Engineering Project Awards program, celebrating and promoting the work of our member firms.
