

# VOLUNTEER SPOTLIGHT

Kelly Lalonde

## YOUR DAY JOB

I am a Vice President at Robinson Consultants Inc., actively engaged in Transportation Design projects.

## WORK WITH ACEC-ONTARIO

I am a Secretary with Ottawa Chapter, member of Women's Network and member of Small Business Network Task Force.

## ADVICE

Look for committees and networks in ACEC-Ontario that interest you. Start to attend meetings to gain an understanding of what functions the committees and networks serve and what roles and opportunities there are. Also, understand that you have a voice in the committee/network/chapter you are involved with and you are there to make a difference.

## WHAT BROUGHT YOU TO VOLUNTEER?

I wanted to be a part of an organization that supports consulting engineers and helps improve the industry.

## EXPERIENCED GAINED

Volunteering with ACEC-Ontario has provided me with valuable opportunities for both personal and professional growth and has allowed me to become more involved with advocacy for the industry. It has also helped build my leadership skills and increased my network of people in the industry.

## GO-TO ACTIVITY

I love to travel and planning the next trip is always a source of relaxation for me. I am also an avid reader and love photography.

## WHAT'S YOUR FAVOURITE TRAVEL DESTINATION?

I love seeing the world and am always looking for a new place to explore. Some of my recent favourite destinations include Amsterdam and the Netherlands, Ecuador and Prince Edward Island.

## FAVORITE PLACE IN ONTARIO

Prince Edward County. It's so relaxing! We camp down there every year and love to explore and enjoy all the great food, wineries, and breweries.
