About OEPA 2025

The Ontario Engineering Project Awards (OEPA) has been highlighting the importance of the consulting engineering profession since 2003. Each year outstanding projects submitted by ACEC-Ontario member companies, of all sizes, are recognized and awarded. The recipients of these awards have demonstrated the impact their knowledge, skill and expertise have made provincially, nationally and internationally. This year we have created engaging branding opportunities for our community to partake in. We are inviting member companies, existing allies and new supporters to the help us celebrate the consulting engineering industry

On May 1, 2025, ACEC-Ontario will host the Ontario Engineering Project Awards at the iconic Eglinton Grand, formerly known as The Eglinton Theatre. This historic venue has been meticulously restored to its original 1936 grandeur, recapturing the elegance and sophistication of its era. The celebration kicks off with a hosted reception—an excellent opportunity for brand engagement. A formal seated dinner will begin at 7 PM, offering another chance to support the event through a place-setting gift. This year also marks ACEC-Ontario’s 50th anniversary, a milestone we will commemorate with a special video highlighting our journey over the years. All sponsors will be recognized on social media, in email communications, and during the awards presentation. Sponsoring the 2025 OEPA not only supports the industry but also elevates your brand within the ACEC-Ontario community.
