Ontario Engineerging Project Awards 2027

About OEPA

The Ontario Engineering Project Awards (OEPA) has been highlighting the importance of the consulting engineering profession since 2003. Each year outstanding projects submitted by ACEC-Ontario member companies, of all sizes, are recognized and awarded.

The recipients of these awards have demonstrated the impact their knowledge, skill and expertise have made provincially, nationally and internationally. This year we have created engaging branding opportunities for our community to partake in.

We are inviting member companies, existing allies and new supporters to the help us celebrate the consulting engineering industry

OEPA 2026 achieved record-breaking attendance, welcoming more than 300 guests, including remarks from the Hon. Todd McCarthy, Minister of the Environment, Conservation and Parks, Andrew Dowie, MPP for Windsor–Tecumseh, and representatives from partner associations and industry organizations.

This year...

On May 6, 2027, ACEC-Ontario will host the Ontario Engineering Project Awards at Liberty Grand, Toronto, Ontario. The celebration kicks off with a hosted reception—an excellent opportunity for brand engagement. A formal seated dinner will begin at 7 PM, offering another chance to support the event through a place-setting gift.

All sponsors will be recognized on social media, in email communications, website, and during the awards presentation. Sponsoring the 2027 OEPA not only supports the industry but also elevates your brand within the ACEC-Ontario community.

Brand Exposure Opportunities
